FILING DATE: August 25, 1997

FOR: ELECTRONIC SYSTEM AND METHOD FOR OPERATING AN

RECEIVED

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

JUN 11 2001

SIR:

TECHNOLOGY CENTER R3700

We, Thomas E. Sawyer and Tony A. Cranford, do hereby declare and state that:

1. We are the joint inventors of the subject matter claimed in the above-identified application. All work described hereinafter was performed by us or on our behalf in the United States of America.

2. We have reviewed the presently pending claims and are aware of the outstanding Office Action of February 8, 2001, in which the Examiner has requested additional information relating to an intent to use application for a U.S. trademark registration that was filed January 26, 1996, and for which a first use in commerce was identified as June 1, 1996.

3. Although the Ten Stix 21 mark was used in commerce more than one year before the effective filing date of the present application, the Ten Stix 21 mark was previously used to identify a manual auxiliary incentive game that involved the use of lammers.

F

4. The claimed invention, in contrast, is directed to an apparatus that controls and displays each player's progress in the auxiliary game without the use of lammers. This game was not used in commerce more than one year prior to the filing date of the above-identified application.

5. As evidence that the that the Ten Stix 21 mark for which an intent to use trademark application was sought was used to identify a manual auxiliary incentive game that involved the use of lammers, attached is a copy of documentation, including a copy of a specimen submitted in the Intent to use application showing actual use of the manual auxiliary game in commerce.

All statements made herein of my own knowledge are true and all statements made on information and belief are believed true. Further, I am aware that willful false statements and the like are punishable by fine, imprisonment or both, 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the above-captioned patent application, and any patent to issue thereon.

RE: Serial Number: **75/049086 TEN STIX 21**

This letter responds to the applicant's communication filed on January 28, 1997.

The examining attorney has reviewed the above referenced Amendment to Alleged Use, and accompanying specimens and determined the following:

The amendment to the Identification of Goods is accepted.

INFORMALITIES

The applicant must, however, address the following informalities prior to registration:

Entity Designation

The applicant has failed to address the issue of the entity designation.

The applicant must submit an amendment indicating the specific type of entity applying, for example, a corporation, an unincorporated association, a partnership or a joint venture, or joint applicants. The applicant must

also indicate the citizenship of the applicants and/ or under whose laws the entity is organized or incorporated. TMEP section 802.03.

Disclaimer

The applicant must insert a disclaimer of "21" in the application, because the term is descriptive of a wagering table game. Trademark Act Section 6, 15 U.S.C. Section 1056; TMEP sections 1213 and 1213.09(a)(i).

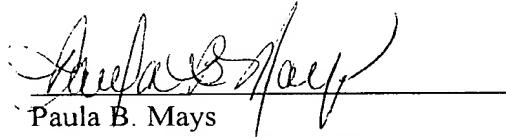

A properly worded disclaimer should read as follows:

No claim is made to the exclusive right to use "*Twenty One*" apart from the mark as shown.

AMENDMENT AND RESPONSE

RECEIVED

JUN 11 2001

TECHNOLOGY CENTER R3700

Assistant Commissioner for Trademarks
2900 Crystal Drive
Arlington, VA 22202-3513

Dear Sir:

In response to the office action mailed August 2, 1996, please amend the above identified application in the following manner:

IN THE STATEMENT:

In lines 2-3, delete "Wagering Game" and substitute therefor
--Wagering Table Game--.

REMARKS

This Amendment and Response is intended to fully respond to all of the issues raised in the office action mailed August 2, 1996.

The identification of goods has been amended as suggested by the Trademark Attorney.

The applicants are two individual persons, both United States citizens. The applicants jointly own the mark in a partnership, and have therefore applied for registration as joint applicants.

Attached is an Amendment to Allege Actual Use, signed by the applicants, and to which specimens of actual use are attached. It is therefore requested that this publication be amended to reflect actual use, not an intent to use.

In view of the fact that the search failed to reveal any similar registered or pending marks which would bar registration of the mark identified in this application, and in view of the above amendment and remarks, it is now believed that the present application is in condition for publication, and such action is respectfully requested. Should additional issues remain which can be resolved by telephone, the Trademark Attorney is requested to telephone the undersigned.

Respectfully submitted,
